The Illinois Conservative Union (ICU) Election Integrity Program is the product of over a decade of education and investigation regarding Illinois elections. The ICU Election Integrity team has served on the frontlines of Illinois elections as poll watchers, election judges, voter registrars, participated in recounts, etc. This 2 hour Program includes:

6:00 - 7:00 - Election Judge Responsibilities

7:00 - 8:00 - Pollwatcher Responsibilities

IF YOU HAVE ANY **QUESTIONS**: CALL LYNNETTE HOFMANN - 815-222-2053

2022 ELECTION INTEGRITY MISSION: "EYES ON EVERY BALLOT"

Election Integrity depends on **YOU** - our GOP Election Judges and Pollwatchers

Each One Hour Session will equip you to understand:

- The authority and power of Election Judges and Pollwatchers
- Election Judges & Pollwatchers can compliment each other
- There are special tools and techniques available to both positions
- And answer all your questions and empower your confidence

DID YOU KNOW?

Did you know that, per IL Election Statute, there is NO "head judge" in any polling place in IL? Every EJ has equal power and authority. We teach Republican EJ's how to use their authority.

Did you know that it's easy for the county Republican organizations to learn who their local Republican Election Judges are and to validate that they're Republican? We teach you to make election judge section and validation a part of your election integrity effort.

Did you know that the IL Election Statutes are, by design, intentionally vague where vagueness will help Democrats, and intentionally specific where specificity will help Democrats? We show you strategies to help overcome this.

Did you know that some Election Authorities are "winging it" and have no accountability? We teach you how to hold their feet to the fire.

Our Election Judge review sessions is a supplement to the training EJ's are required to take from their County Clerk/ Election Authority in order to do paid work in the polls.
